***REASONS FOR ALLOWANCE***

1. The following is an examiner's statement of reasons for allowance:

Claims 15-16 are allowed.

The rejection for Claims 15-16 under 35 U.S.C. 103(a) as being obvious over Crooks (6331539), the corresponding obviousness-type double patenting rejection over claims 1-31 of U.S. Patent No. 6331539, and the provisional obviousness-type double patenting rejection over claim 33 of copending Application No. 10/166321 (CIP of 6331539) are withdrawn in view of the unexpected results presented in the Declaration by Dr. Merrill.

In a side by side comparison under the same conditions, the inventive compound unexpectedly exhibited lower TNF-alpha inducing activity but much higher INF alpha inducing activity, higher IC50 values in the inhibition of HERG potassium channels, and greater metabolic activity over the closest prior art compound, thereby rendering the instant unobvious over Crooks.

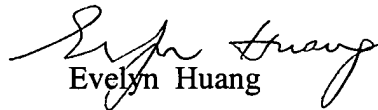

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Evelyn Huang whose telephone number is 571-272-0686. The examiner can normally be reached on Tuesday-Friday.
